Girls Rock MKE is looking to expand our volunteer board for 2021. We are looking for voices from diverse backgrounds and talents who are comfortable promoting a space that centers around rock music and the experiences of femme-identifying folk in the music industry.

The Girls Rock MKE board member is a dedicated volunteer role that contributes to the development of the organization and the advancement of its mission. The mission of Girls Rock MKE, and our adult program Ladies Rock MKE, is to empower marginalized genders including girls, women (cis & trans), and non-binary folks — of all backgrounds and abilities — through music education and performance.

Girls Rock MKE is committed to fostering independent thinking, building self-esteem, and bridging cultural and social divides in a supportive community of peers and mentors who demonstrate: it’s okay to be who you are! We are dedicated to providing safe spaces to explore music through creative collaboration, self-expression, and technical development.

A board member may contribute to the growth of Girls Rock MKE by way of fundraising efforts, camp planning, volunteer coordination, student ambassador coordination, camp operations, community outreach, marketing and public relations, financial oversight, music equipment maintenance, technology advocacy, or facility caretaking, among other roles.

The Girls Rock MKE board meets once a month, virtually through Google Meet. Organizational committees meet as needs dictate, for example: weekly leading up to camp dates.

To learn more about how your special skills could contribute to Girls Rock MKE, please contact us at mail@girlsrockmke.org. Interested individuals are invited to attend two open board meetings hosted virtually via Google Meet at 7:00 p.m. on November 10, 2020 or December 8, 2020.

Please see our website www.girlsrockmke.org or our social media profiles @GirlsRockMKE for more information.
